

Spam Policy

Connect Coin encourages you to use our service as long as you abide by the Terms and Conditions and Connect Coin's prohibition on spamming and unethical marketing activities. The following are some examples of spamming that may violate the Terms and Conditions and Connect Coin's Spam Policy:

Manipulating identifiers, such as email headers, to disguise the origin of any content transmitted to or through Connect Coin computer systems.

Relaying email from a third party's mail servers without the permission of that third party.

Using or causing to be used Connect Coin computer systems to facilitate the transmission of unsolicited or unauthorized material. This includes any promotional materials, URLs, "junk mail," "chain letters," "pyramid schemes," or any other form of unauthorized solicitation that you may upload, post, email, transmit, or otherwise make available.

Using "robots" or otherwise harvesting other's email addresses from the Connect Coin site for purposes of sending unsolicited or unauthorized material.

Disrupting the normal flow of dialogue or causing the screen to "scroll" faster than other users of the service are able to type, or otherwise acting in a manner that negatively affects other users' ability to engage in real-time exchanges.

Certain Connect Coin services may have additional spam guidelines explaining appropriate conduct for those services. Those additional policies are incorporated by reference into the Connect Coin Universal Spam Policy. It is the user's responsibility to check each property's guidelines for additional details regarding spam.

Violations of our Terms and Conditions or this Universal Spam Policy may result in legal action against you and the termination, without notice, of your Connect Coin ID and/or anything associated with it, including, but not limited to, email accounts, clubs, posts, home pages, and profiles. Nothing in this policy is intended to grant any right to transmit email to or through Connect Coin computer systems. Connect Coin does not waive any rights by the failure to enforce this policy in every instance in which it might apply.

NOTICE: Spam is considered the sending one or more unsolicited email advertisements to or through Connect Coin software systems. Any unauthorized email via use of the Connect Coin software systems is a violation of the Connect Coin Terms and Conditions, Spam Policy, and certain federal, state and international laws. Such violations may subject the sender and his or her agents to civil and criminal penalties.
